Search Engine Optimization

Search engine optimization (SEO) is the process of affecting the visibility of a website ora web page in a search engine's unpaid results - often referred to as "natural," "organic," or "earned" results. In general, the earlier (or higher ranked on the search results page), and more frequently a site appears in the search results list, the more visitors it will receive from the search engine's users.

Search Engine Marketing

Search engine marketing (SEM) is a digital marketing strate gy used to increase the visibility of a website in search engine results pages (SERPS) Search engine marketing is also alternately referred to as paid search or pay per click (PPC)

Pay Per Click

PPC stands for pay-per-click, a model of internet marketing in which advertisers pay a fee each time one of their ads is clicked. Search engines reward advertisers who can create relevant, intelligently targeted pay-per-click fampaigns by charging them less for ad clicks.
